Our unique combination of services including turn-key risk mitigation solutions and relevant training options, keep you out of harm's way and your business up and running even in the most volatile environments.

Leading Innovation

Grow and scale your enterprise by mitigating all risks

# SECURITY AUDITS & STRATEGIC PLANNING

Living in a world full of risks is vitally important to know how to protect your employees, sensitive information, high-ranking executives and all your corporate assets by including everything in a detailed **Security Master Plan**. We assist you detect vulnerabilities and weaknesses while we conduct on-site surveys, internal security audits and penetration tests to your private property and company premises. A report is written afterwards, to recommend customized solutions to reduce your exposure to threats and ensure you are adequately protected from:

- ✓ Physical security gaps (facilities, perimeter, access control)
- ✓ Accidental or intentional disclosure of sensitive information
- ✓ Corporate espionage efforts & sabotage
- ✓ Attacks against your high – ranking executives
- ✓ Contingencies & unexpected incidents

Be pro-active and smart

Assets protection is a collective effort ...

Have a plan to avoid a crisis situation!

# RISK MANAGEMENT & SECURITY CONSULTING

Technological advancements and the globalization of the marketplace created rapid growth in new and existing businesses. With this growth and prosperity came problems. We can offer a wide range of security solutions and risk management consulting associated with:

- ✓ Residence & office security

We share our experience creating a global network

J.D & Associates  
Risk Avoidance Solutions

# PERSONAL PROTECTION PROGRAMS

We have been responsible for providing demanding security solutions to corporate executives, celebrities, dignitaries, political figures, individuals at risk or people attacked in the past requiring professional assistance.

Within **Europe** we are able to provide protective services anywhere and in any situation, leaving nothing to chance. High – profile executives leading businesses in controversial industries may find themselves potential targets. We facilitate their ability to move around and work freely in a safe and secure manner, while travelling for business or leisure.

Keep going with no fear

Our patience achieves more than our force

## LIFESTYLE MANAGEMENT

Tour operators and travel agencies do great job as organizers but little can they do to incorporate security precautions in your travel packages. A risk assessment and contingency planning is always necessary to be made while travelling either to domestic or international destinations, even if you know nothing about the procedure. You may be looking to book a weekend getaway for two, a high-powered business meeting or a full-blown holiday with the family. **J.D & Associates (JDAS)** Lifestyle Management service paves the way to benefits that money can't buy. From your transportation needs, to business travel arrangements and incredible holiday packages, including restaurants and hotel bookings synchronized with modern low-profile protective services.

Focus on quality

Enjoy the very best life has to offer...
